

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The newspaper/broadcast

cross-ownership cap is a crucial element of our democratic media, and it should not be weakened.

These proposals are disgusting. I am vehemently against living in a nation where corporations control all information without any contention. I have no interest in money becoming the dictator of the US and that starts with having access to information from DIFFERENT SOURCES.
